WHO WE ARE

Founded in 2023, the Arjun Gupta Foundation (AGF) was created to honour a beloved son, brother, and friend. One of Arjun's primary passions in life was to help others. Undeniably loyal, brilliant, kind-hearted, soft spoken, funny, selfless, and generous beyond belief, his kindness was felt by everyone who had the opportunity to meet him. Arjun had immense pride for his family and his many cousins, who all meant the world to him.

In keeping with Arjun's nature of giving and excellence in sport, the Arjun Gupta Foundation will provide philanthropic support across the following pillars of focus:

- Athletics - provide funding to elite athletes in pursuit of international excellence.
- Employment - facilitate opportunities to those with physical/mental constraints.
- Academics - provide scholarships and funding to students in need.
